On the 9th of July, at Ryarsh, Kent, in his oig fourth year, WILLIAM JOHN LITTLE, M.D., F.R.C.P

Hongrond, July 19ти, 1894.

THE Secretary of Legation at Poking, in the concluding paragraph of his précis of the Decenuial Reports of the Imperial Maritime. Customs, takes a very pessimistic view of the condition and prospects of foreign trade Court, Bangkok, the jury awarding the plaintiff in Chiua. He considers that the conclusion of the whole matter inevitably is that the trade conducted by foreigners in China has made that little progress during the ten years I 82-91, that it does not promise any telegram on Tuesday from the mines. It has immediate or unusiderable advance, and that foreign influence and interests therein have decreased and deteriorated to an an mable through. There is no free gold. Prospects are

NOW ON SALE

IN OLISH AND CHINES DIC', TONARY. WITH THE PUSTI AND MANDARIN-PRONUNCIATION. An Angle-Chinese Dictionary, published at the Daily Press Office, Hongkong. For comprehensiveness and practical service

this. Work stands unrivalled. All the new words which the Chinese have of latey ears been compelled to coin to express the numerous obiects in machinery, photography, telegraphy, and in science generally; which the rapid advance of foreign relations has imposed upon them, are here given in extenso. Each and every word is FROM ANTWERP, LONDON, BOMBAY, fully illustrated and explained, forming exercises for students of a most instructive nature. Poth the Court and Punti pronunciations are given principle hitherto attained. The typography Chinese and English type correspond in the size space achieving a olearness not previously attained, and dispensing with those vast margins and vacant spaces which have heretofore charac-

terized Chinese publications. To illustrate the vast scope of the work the. following facts are submitted for consideration:-Chalmers Vocabulary contains about 15,000 Chinese characters, and Medhurst's English and Chinese Dictionary about 100.000. whilst his work contains more than 50,000 English words, and upwards of 500,000 Chinese charact dersigned, when a representative of this Office ters. Again, despite all the grammars and other elementary works as yet published, the 21st and at 10 AM, on the 24th instant. after student of this difficult language absolutely requires examples to display the various appli-cations and equivalents of different words which have one general meaning. Of these examples this work contains more than five times as

many as any other Dictionary hitherto pub-For practical purposes the arrangement of he work is so complete, that a reference to its pages enables a person who understands English to communicate effectively with natives who understand nothing but Chinese. In this respect the work will be found indispensable to all Europeans residing in China, and to the natives themselves it explains subjects fully with which very few indeed of them are perfectly acquainted.

in China it cannot but be invaluable occasion. from alongside, 4 Vols IMPERIAL QUARTO, Price, \$20. A Large REDUCTION in PRICE is made c Purchasers of SIX or more Copies.
